

No One Plans to Have a Problem

Only 11.2% of individuals struggling with addiction in the U.S. will receive treatment.

SAMHSA - National Survey on Drug Use and Health

You may need help if you've found that you:

- Use illegal substances alone or in combination with other drugs/alcohol
- Have tried to quit using drugs in the past, but were unable to
- Notice using substances has caused arguments at home or at work

Call us 24/7 for free, confidential help.
