

# No One Plans to Have a Problem

Only **11.2%** of individuals struggling with addiction in the U.S. will receive treatment.

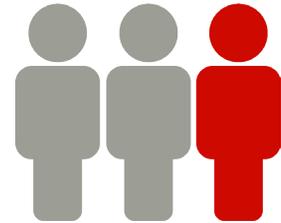

SAMHSA - National Survey on Drug Use and Health

generationxworkplace.com

**1 in 5**  
People in the U.S.  
abuses prescription  
medications.

Alcoholism is the **3rd** leading lifestyle-related cause of death in the nation.

National Council on Alcoholism and Drug Dependence, Inc.

You may need help if you've found that you:

- Take medication in a higher dose, differently than prescribed, or prescribed for someone else
- Use illegal substances alone or in combination with other drugs/alcohol
- Drink alcohol to excess, if it interferes with life's activities, or if you've increased frequency of use
